LEAD GENERATION FOR THE ENERGY INDUSTRY

Krishnan & Associates uses well-honed lead generation practices that will generate increased number of leads and proposal volume for our energy industry customers. We can quickly target leads from within the global utility and power generation industry to meet our customer's specific criteria. Our engineering, financial and marketing expertise enable us to comprehend and market innovative energy technologies.

We offer our clients integrated strategic marketing services including lead generation & business development programs. Our experienced technical marketing staff can handle the entire sales process, from the identification of prospects and appointment setting to the submission of formal proposals, negotiations and sales contracts.

Guaranteed Lead Generation for Your Business

- Specialized power industry lead generation campaigns
- High level energy industry appointments
- Qualified sales opportunities
- Current database of key energy industry decision-makers
- Customer meetings & introductions
- High quality sales prospecting
- B2B lead generation
- Market and regulatory research
- Voice of customer (VOC) surveys
- Vast network and prior sales history with key electric & gas utilities

Clean Energy Generation

- Emission Solutions
- Asset Performance Management
- Operations Performance Management
- Biomass CFB
- Carbon Capture
- Hydrogen Fuels
- Energy Storage
- Advanced Analytics
- AI/ML Solutions

Transmission Grid

- Advanced Grid Analytics
- Wide Area Monitoring Systems
- Visual Intelligence
- Vegetation Management
- AI/ML Solutions
- Geospatial Info Systems (GIS)

Distribution Grid

- Distribution Automation
- DERMS
- ADMS / EMS / DMS
- Visual Intelligence
- Storm Readiness
